# Internal Audit Terms of Reference

## 1. Introduction

1. This document defines the roles and arrangements governing the provision of Internal Audit services in OTELP operational areas.
2. Internal Audit is an assurance function that provides an independent and objective opinion to the ITDA and PSU on the control environment of the programme comprising internal control, governance by evaluating its effectiveness in achieving the OTELP objectives. It objectively examines, evaluates and reports on the adequacy of the control environment as a contribution to the proper economic, efficient and effective use of funds at PSU/ ITDA/VDC/VLSC/FNGO level.
3. In addition it states that effective Internal Audit services should aspire to :
  - Understand the whole program and its need and objectives.
  - Understand its position with respect to the programs other source of assurance and plan its work accordingly.
  - Add value and assist the programme in achieving its objectives.
  - Be innovative and challenging.
  - Help shape the ethics and standard of the programme.
  - Share best practices with the external auditor.
4. The main aim of Internal Audit work is to provide the ITDA and PSU, an independent and objective assurance and consulting services, evaluate the adequacy and effectiveness of the OTELP program's internal controls, operations and governance processes, thus adding value by helping the ITDA and PSU to accomplish OTELP objectives.

## 2. OTELP

It is programme that is being funded by the Government of Orissa (GoO), the International Fund for Agriculture Development (IFAD), the UK's Department for International Development(DFID) and the United Nations' World Food Programme (WFP) & beneficiaries contribution.

Presently, the programme is operational in 30 blocks and spread over 7 districts. The Programme implementation is facilitated by the Integrated Tribal Development Agency (ITDA) and local FNGOs. The strategic approach is to empower the tribals so as to enhance their food security, increase their incomes and improve their overall quality of life. Towards this end, the tribals are being exposed to more efficient ways of managing natural resources based on the principles of improved watershed management. The tribals have been introduced to newer agricultural practices that are environmentally sound and more productive than traditional

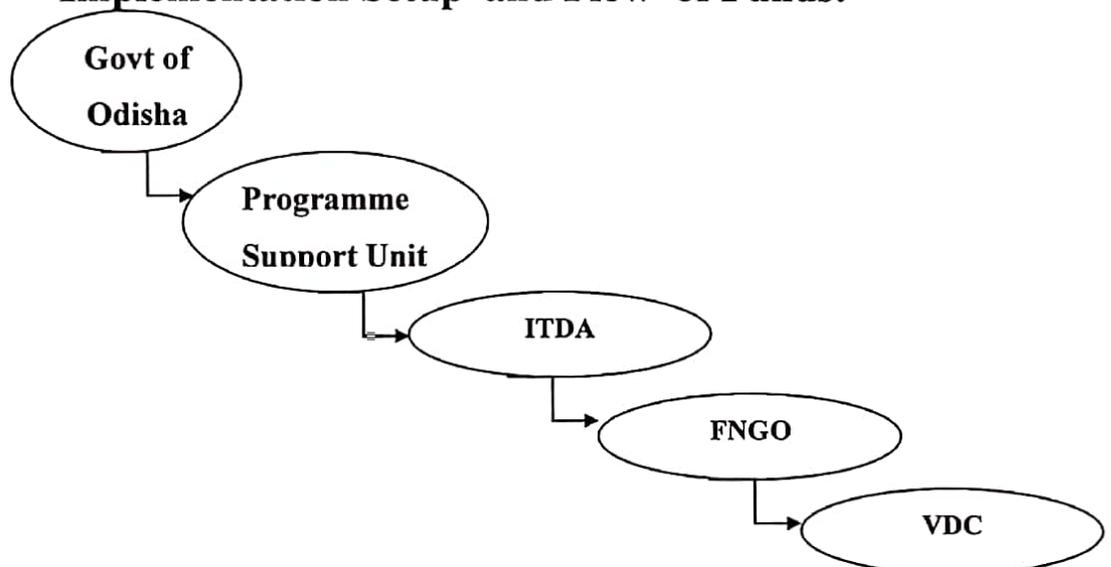

methods. In addition, the tribals are involved in off-farm/non-farm enterprise development. The emphasis is on promoting participatory processes, building community institutions and fostering self-reliance, while respecting the indigenous knowledge and values of tribals.

### 3. Role

Internal Audit is an independent and objectives appraisal services within the OTELP programme areas. The governing principles of a project audit are to ensure by professional accountants:

- Provide assurance of accountability
- Give credibility to the financial statements and other management reports
- Identify weakness in the internal controls and financial system
- Verify procurement process and management contracts.
- General conditions require the financial statements including Special Account Statements of Expenditure to be audited according to generally accepted international / national accounting standards.
- General Conditions requires the auditors to address the following:
  - a). Adequacy of accounting and internal control systems to monitor expenditure and other financial transactions.
  - b). Adequacy of accounting and internal control systems of safeguard project assets.
  - c). Adequacy of documentation maintained for relevant transactions.
  - d). To express audit opinions as per ToR
  - e). To identify weaknesses, if any, of internal controls and recommend corrective action.
  - f). To complete the audit process within the stipulated time frame agreed.
  - g). To review the audit reports and satisfy whether these are as per the requirements.

### 4. Implementation Setup and Flow of Funds:

## 5. Responsibilities and Objectives:

- 5.1 Funds are released to PIA (VDCs) and also the first facilitator (FNGOs at block level) under different components towards achieving the goal of the program.

*The Programme Components are:*
