Copy Submitted to the CEO, DMF, Keonjhar for favour of kind information and necessary action.

  
District Education Officer  
Keonjhar

Memo No. 5861 Date. 19-05-2026

Copy submitted to PA to Collector and District Magistrate, Keonjhar for kind information and necessary action.

  
District Education Officer  
Keonjhar

## Annexure - I

Sl. No.	Query / Clarification Sought	Resolution / Clarification by DEO, Keonjhar
1	Section-3 of the Terms of Reference (ToR) pertaining to the Digital Library Facility does not clearly specify the expected number of users, number of LMS licenses, or the overall licensing framework required under the project.	The Digital Library Facility is proposed as a centralized institutional learning facility under DEO, Keonjhar. The bidder shall provision the LMS/digital learning platform along with adequate user access/licenses required for smooth functioning of the Digital Library during the entire contract period. The licensing framework shall include access to all required digital learning modules, monitoring dashboard, and reporting features as specified in the RFP. Final user capacity and operational deployment details shall be finalized at the time of implementation/work order.
2	The RFP does not clearly define the nature, scope, and standard of digital learning content required for Classes 1 to 12, including the preparation modules for various competitive examinations.	The digital learning content shall include structured curriculum-aligned educational resources for Classes 1 to 12, multimedia learning modules, activity-based learning videos, syllabus-aligned textbooks, digital books, and general reading resources. The competitive examination modules shall include preparation content for Banking, Railway, OSSSC/OSSC, OPSC Civil Services, ASO, and other similar examinations as mentioned in the RFP. The bidder may propose reputed and industry-standard digital learning content platforms suitable for institutional educational usage.
3	It is not clearly mentioned how the bidder should calculate the LMS and digital learning content requirements in terms of number of schools/users. Further, clarification is requested regarding whether the "3-year digital platform license" mentioned in the RFP refers to the LMS platform, digital learning content, or both.	The bidder shall quote considering the Digital Library as one complete institutional unit as per the scope defined in the RFP. The "3-year digital platform license" shall include both the LMS/digital learning platform and the associated digital educational content/access services required under Section-3 of the ToR. The bidder shall

		ensure uninterrupted access to all subscribed digital learning resources and reporting systems for the full three-year period.
4	Under FIN-2: Summary of Financial Proposal, there is no specific provision or line item for quoting the cost of LMS, digital learning platform, or content licensing services, which creates uncertainty during financial bid preparation.	The cost of LMS platform, digital learning content, reporting dashboard, platform licensing, cloud services, and all associated software/services shall be included by the bidder in the overall quoted price for the complete scope of work under FIN-2. No separate line item is required, and the quoted price shall be inclusive of all components necessary for successful implementation and operation of the Digital Library as per the RFP.
5	With regard to the mode of submission through "Speed Post / Registered Post (India Post)," it is submitted that Registered Post services have been discontinued by India Post since September 2025. In view of this, we kindly request that either hand submission of hard copies may be permitted, or the submission timeline for Speed Post may kindly be extended by at least two additional days.	Bidders may submit the proposal through Speed Post/other equivalent postal or courier services ensuring delivery within the stipulated timeline.

  
 District Education Officer  
 Keonjhar
