## **SECTION – 3**

### **Terms of Reference (ToR)**

#### **1. Project Background**

##### **1.1 Introduction**

Early Childhood Care and Education (ECCE) forms the foundational stage of human development. The effective delivery of pre-school education and day care services through Anganwadi Centres under the Integrated Child Development Services (ICDS) plays a critical role in ensuring the physical, cognitive, emotional, and social development of children.

ICDS services are delivered through Anganwadi Workers and Helpers across the country. Their responsibilities include early childhood education, nutrition services, health awareness, growth monitoring, counselling of mothers, facilitation of immunization, and community mobilization. The National Education Policy 2020 (NEP 2020) emphasizes strengthening ECCE and mandates systematic training of Anganwadi Workers as per the curriculum/pedagogical framework developed by NCERT and aligned with NSQF standards. It underscores the need to build a high-quality ECCE cadre through structured capacity-building initiatives and recognition of prior learning.

Despite their critical role, Anganwadi Sevika and Sahayika face infrastructural, socio-economic, and capacity-related challenges, which impact service delivery outcomes.
